

# EcoBlu®

## Claw Jet

### Nozzle FW series

EcoBlu FW series nozzle with its perfect design and made by high quality 304 stainless steel, which are ideal choice for domestic and waterscape used. Sometimes it also called as Claw Jet Nozzles due to its water shape.

The Claw Jet Nozzle has several smaller nozzles at the end and it could produce fan shape of spray with the crystal-clear and wind resistant jets come out of the nozzles like fingers.

Model	Dimension (mm)	
	A	B
FW-10	150	140
FW-15	250	140

Model	Code	Material	Join Size	Water Pressure (Bar)	Discharge Water (L/min)	Fountain Height (m)
