

# EcoBlu

## Submersible Pump

### Features

- Portable, save electricity and high-performance.
- Auto suction pump with cylindrical floater, easy to install in the confined spaces.
- Italy imported double-faced mechanical seal to ensure the pump seal performance.
- SUS-304 stainless steel for motor housing, motor shaft and screws.
- Current protector and thermal protector.

### Application

- Suitable for clean water, salt water, factory sewage.
- Water supply and disposal, water circulation and water change for crop farming, forestry and fishery use.
- Equipment use for aquarium, landscape waterfall, water drainage and filtration.
