

# EcoBlu

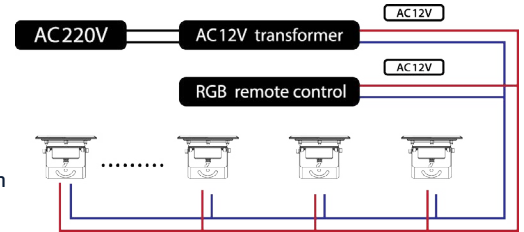

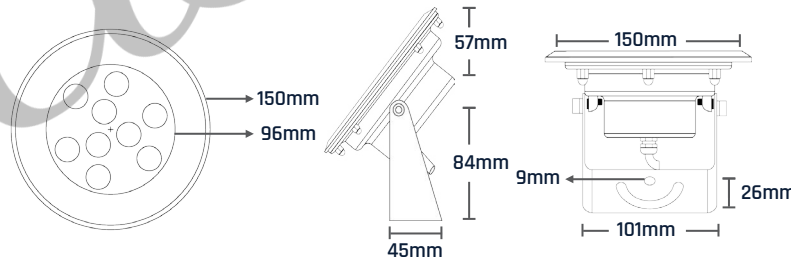

## Underwater Light

### LED BHP-18-RGB

When you installed the EcoBlu LED BHP-18-RGB series in a poolscape, it will revamp to a modern and higher standard atmosphere. The LED light has a high-quality stainless steel housing. It is suitable for water features or fish pond applications. It can also be installed in water features and high efficiency economizing the electricity to the maximum.

The EcoBlu LED light is supplied with a bracket with special fine adjustment and has a 5-meter long connecting cable. The RGB control will require the EBRGBC driver. **The unique point of this LED light is the cable only needs 2 core wires to produce RGB colour mood.**

Temperature Water	5°c ~ 40°c
