

EcoBlu

Wall Mounted RGB Colour

LED SPK-40-RGB

When you installed the EcoBlu SPK-40-RGB series in a poolscope, the poolside will be revamped to a modern and higher standard atmosphere. The exterior shell of LED Light is made by IP68 waterproof rating and 316 stainless steel.

Furthermore, this series design is suitable for wall mounted installation. It is using low energy consumption with the best solution for you to save electrical energy and at the same time generates a high power lumination. The RGB control will require the EBR6BC driver. **The unique point of this LED Light is its cable only needs 2 core wires to produce RGB colour mood.**

Temperature Water	5° c ~ 40° c
Lens Material	Tempered Glass
Suitable For	Concrete & Hot Spring Pools
Lifetime	≥ 30,000 Hours
Energy Efficiency	80%
