

EcoBlu

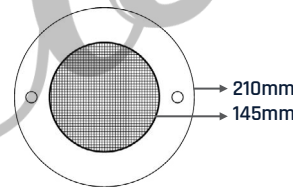

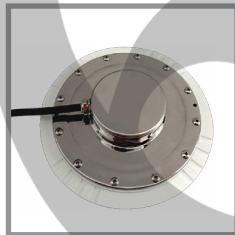

Ultra-Thin Recess Pool Light

LED HL-25 series

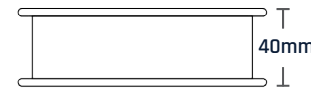

When you installed the EcoBlu Recess Pool LED HL-25 series in a poolscape, the poolside will be revamped to a modern and higher standard atmosphere. The LED Light is made by IP68 waterproof rating and ABS for the exterior shell and surface of the light. The interior body is made by 316 stainless steel. The light thickness designed with an ultra-thin surface.

The EcoBlu LED HL-25 series is suitable for concrete pool applications. This series design is using low energy consumption with the best solution to save electrical energy and at the same time generates a high power lumination.

Temperature Water	5°c ~ 40°c
Lens Material	Tempered Glass
Suitable For	Concrete & Hot Spring Pools
Lifetime	≥ 30,000 Hours
Energy Efficiency	80%
